You pay a little

most

#### Initial coverage phase

After you pay your annual deductible (if your plan has one), you pay a copay or coinsurance for each prescription you fill. Your plan pays the rest. You enter the coverage gap when the total amount you and your plan pay for covered drugs reaches \$3,820.

You pay some

#### Coverage gap phase

The coverage gap begins after the total yearly drug cost (what you have paid and what our plan has paid) reaches \$3,820. After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name drugs and 37% percent of the plan's cost for covered generic drugs until your costs total \$5,100—which is the end of the coverage gap. Not everyone will enter the coverage gap.

For more information on cost sharing in the coverage gap, please call us or access our Evidence of Coverage online.

You pay a little

#### Catastrophic coverage phase

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$5,100, you pay the greater of:

5% of the cost, or

\$3.40 copay for generic (including brand name drugs treated as generic) and a \$8.50 copay for all other drugs

### Important information to know before you enroll

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1-800-541-8981**.

#### **Understanding the Benefits**

Review the full list of benefits found in
the Evidence of Coverage (EOC), especially
for those services for which you routinely see
a doctor. Visit asuris.com/medicare or call
<b>1-800-541-8981</b> to view a copy of the EOC.
Review the provider directory (or ask your
doctor) to make sure the doctors you see
now are in the network. If they are not listed,

it means you will likely have to select a

new doctor.
Review the pharmacy directory to make sure
the pharmacy you use for any prescription
medicines is in the network. If the pharmacy
is not listed, you will likely have to select a
new pharmacy for your prescriptions.

#### **Understanding Important Rules**

- In addition to your monthly plan premium,
   you must continue to pay your Medicare Part
   B premium. This premium is normally taken
   out of your Social Security check each month.
- Benefits, premiums and/or copayments/coinsurance may change on January 1, 2020.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care.
